Information Technology: Initiate and Plan 1

| Α | Phases of a Project Life Cycle | | Input | | Output | |
|---|--------------------------------|---|------------------|---|--------------------|--|
| 1 | Consideration of | 1 | | 1 | Feasibility report | |
| | and a decision | 2 | User constraints | 2 | | |
| | | | | 3 | | |
| | | | | 4 | | |

| В | Key Vocab | | | | | | |
|--------------|---|--|--|--|--|--|--|
| Phase review | | | | | | | |
| | Assessment after each repetition of a stage of development. | | | | | | |
| Next Steps | | | | | | | |
| | How easy to achieve something is | | | | | | |
| User | | | | | | | |
| requirement | | | | | | | |
| Constraint | | | | | | | |
| | A specific planned outcome, which may be a small step in an overall project | | | | | | |
| Success | | | | | | | |
| Criteria | | | | | | | |
